TO WHOM IT MAY CONCERN:

My daughter's wedding reception took place on September 13, 2008 at the Pier 5 Hotel in Baltimore, Maryland. "Great Escape" was the band we chose and what a great choice it was. Jim and Larry played instrumental sax and keyboard for the first 2 hours while guests arrived and had drinks and hors d'oeuvres. The music was unobtrusive and just blended as opposed to taking over. During the next 4 hours, the entire band played dancing music. Jim also performed the duties of wedding emcee for the introductions and specialty dances.

In preparation for the event, we coordinated with Jim as to what songs would be played and any of our special musical requests. Jim also prepared a written plan as to what songs would be played and when. The band played country, rock and easy listening music - a little something for everybody. He was extremely easy to work with and also quick on his feet when we made a last minute change that night. The entire band was properly groomed and dressed for the occasion. They were all friendly and very professional. I would recommend them highly for another event. If you would like more information, feel free to contact me at 301-466-0555.

If your looking for a great band to perform at your function, then Great Escape is your answer. The members of Great Escape were very professional and were great to work with. I searched for a band for months to perform at my wife's 40th birthday party and I was glad that I found Great Escape. The individuals that attended the party are looking to get together and go out to see the band Great Escape at one of their upcoming shows, that is how good they are. I will definitely book them again. Thank you Tom and the members of Great Escape for a great time. Jeff G.

Great Escape came ready to get the party started, played a good mix of tunes & got my guests involved. Featuring great singers with tight harmonies & the Sax player & Percussionist are totally awesome! Elise J.

The band was fantastic Saturday night!! We danced & danced & were familiar with almost all of the music. My parents can't wait to go and see you again. Having really good live music, made our event. Nancy Reed
